

Dear Student,

The document you will see below is a sample of the topic you need to address in your assignment. We have provided this example to guide you in the structure and expected content. However, it is important that you **fill in the document with your own information** and personal experiences. Make sure to customize each section according to your own plans, ideas, and specific details. Remember, the goal is to reflect your own thoughts and creativity in the content you submit.

Good luck and enjoy the process!

Estimado estudiante,

El documento que verás a continuación es una muestra de la temática que debes abordar en tu trabajo. Te proporcionamos este ejemplo para guiarte en la estructura y el contenido esperado. Sin embargo, es importante que rellenes el documento con tu propia información y experiencias personales. Asegúrate de personalizar cada sección de acuerdo con tus propios planes, ideas y detalles específicos. Recuerda que el objetivo es reflejar tus propios pensamientos y creatividad en el contenido que entregues.

¡Buena suerte y disfruta el proceso!

A Write a brief report (answer in 100-150 words) about the problem and suggest ways of solving it:

The traffic is very busy near your school with parents dropping off and picking up their children.

The traffic congestion near our school during drop-off and pick-up times has become a significant issue. The high volume of vehicles, primarily from parents dropping off and picking up their children, creates delays and poses safety risks for pedestrians. The congestion often results in blocked roads and increased stress for drivers.

**Suggested Solutions:**

1. **Staggered Drop-Off/Pick-Up Times:** Implementing staggered schedules for different grades can reduce the number of vehicles at any given time.
2. **Designated Drop-Off Zones:** Creating specific areas for drop-off and pick-up can help streamline traffic flow and keep vehicles moving.
3. **Traffic Monitoring:** Employing traffic monitors or school crossing guards can improve safety and help manage vehicle flow during peak times.
4. **Promote Alternative Transportation:** Encouraging walking, biking, or carpooling among parents can reduce the number of vehicles around the school.

By adopting these measures, we can alleviate traffic congestion and enhance safety around the school.

Write an article about what tourists can see and do in your town or city and explain how its tourist facilities could be improved. (answer in 100-150 words)

### **Discovering Portoviejo: A Gem of Ecuador**

Portoviejo, known as the "City of the Royal Tamarind," offers a charming blend of culture and natural beauty. Visitors can explore the vibrant central park, Parque Eloy Alfaro, which features lush green spaces and statues honoring local history. The city's historic architecture, including the stunning Cathedral of Portoviejo, provides a glimpse into its rich past. Tourists can also enjoy local markets like the Mercado Municipal, where traditional Ecuadorian crafts and foods are abundant.

Nearby, the beautiful beaches of Crucita offer opportunities for relaxation and water sports, while the nearby Cerro de Hojas provides hiking adventures with panoramic views.

### **Improving Tourist Facilities:**

To enhance the tourist experience, Portoviejo could benefit from upgraded signage in multiple languages to assist international visitors. Expanding guided tour services and improving transportation links between attractions would also make the city more accessible. Additionally, developing more eco-friendly accommodations and amenities could attract environmentally-conscious travelers.
